

THE STATE OF UTAH
OFFICE OF STATE ENGINEER
SALT LAKE CITY

HUBERT C. LAMBERT
STATE ENGINEER

June 20, 1966

Delta Canal Company
Delta,
Utah

Dear Sirs:

Re: Lower Sevier River
Distribution System
(Acc't No. 6)

As is noted on the reverse side of the enclosed assessment notice, a 10% Collection Cost was instigated by consent of the majority of all water users of each water distribution system as a means to stimulate prompt payment of all annual water assessments.

Your 1966 Water Assessment was receipted in the Office of the State Engineer on June 17, 1966. At this time, each water assessment is especially receipted exactly the same day it is received in order to explicitly acknowledge the date of the receipt of the assessment.

With the consent of the majority of the water users to sustain the above policy, I regret to inform you 10% Collection Cost is now due on this account. Your remittance of the delinquent \$ 161.68 is respectfully requested as per the enclosed assessment notice.

Very truly yours,

Frank Reese
Controller
